

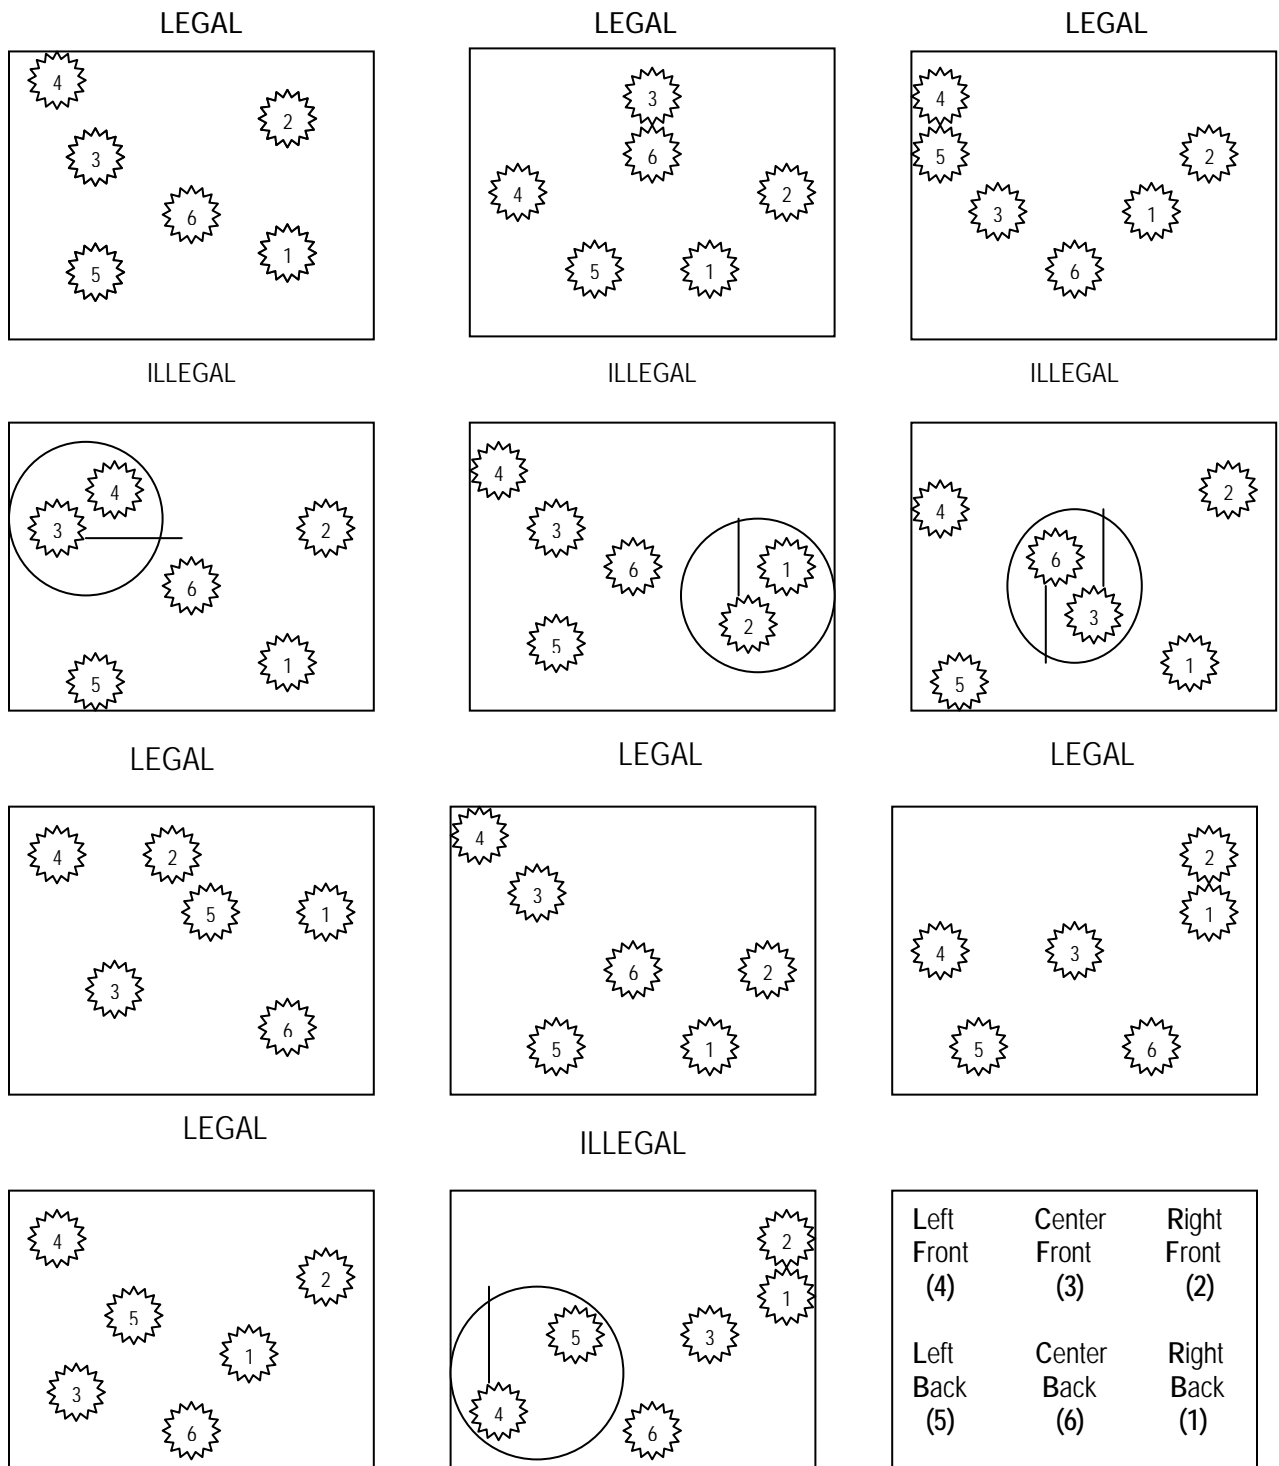

DIAGRAM 4--Examples of Legal/Illegal Service-Receive Positions

At the time the ball is contacted for the serve, the placement of players must conform to the order recorded on the scoresheet as follows (the server – position #1 on the serving team – is exempt from this requirement):

In the front or back row, the right player must have at least part of his or her foot closer to the right sideline than the feet of the center player, and the left player must have at least part of a foot closer to the left sideline than the feet of the center player. Each front row player must have at least part of a foot closer to the center line than the feet of the corresponding back row player. After the ball is contacted for service, players may move from their respective positions.
